Instructions
to ORISE:

ORISE Research Participation Programs Selection and Approval Form

This approval reflects the maximum allowable amount ORISE is authorized to pay or reimburse the participant based on the availability of funding. For travel or training, actual reimbursements will be based on receipts submitted by the participant to ORISE for expenses not to exceed the maximums authorized. This approval also summarizes the details that ORISE will include in the offer letters and terms of appointment.

Authorization for additional activities may be provided by the sponsor at any time. Additional funding may be sent when necessary. Those elements will be provided, described, and reimbursed based on the availability of funding. Any additional elements of the appointment must be approved in advance by the sponsor and acknowledged by ORISE.

All appointments are contingent upon continued availability of funds. In the event that funding is depleted before the end of the authorized appointment period, additional funding may be sent to complete the appointment. Alternatively, you may choose to terminate or renew the appointment early.

Appointments requiring new funding will be initiated after funding is approved.
